Benjamin Shishler, A.C.M.A., C.A.

"I have worked with Melody for a number of years on a variety of different clients. I have found that she is very capable, efficient and carries out the assignments in a very professional manner. Based on my experience of how she carries out her duties I have no hesitation in recommending her to new potential clients.

Once again, I hold her in high regard and have no hesitation putting her name forward in new client referrals."
